

National Strategy to Prevent Trespassing on Railroad Property

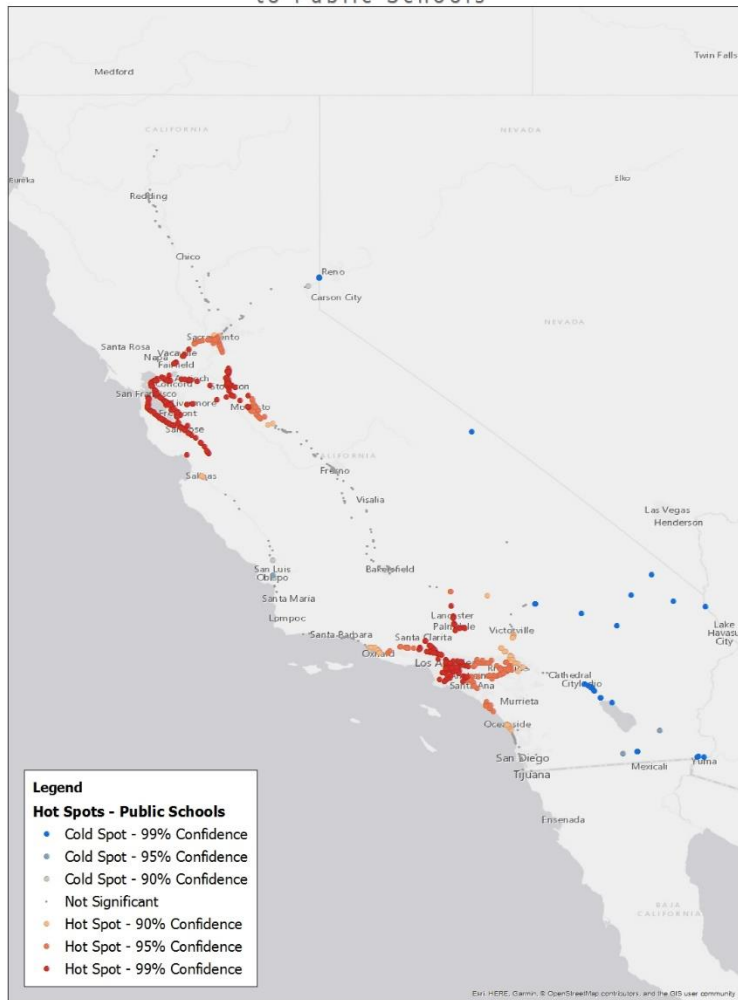

- Trespassing on railroad property is the leading cause of all rail-related deaths in the United States. More people are struck and killed by trains each year while trespassing – illegally entering or remaining on a railroad right-of-way – than in motor vehicle collisions with trains at highway-rail grade crossings

Trespasser by Attribute	CA (1057)	~ Percentages	LA (132)	~ Percentages
within 500 ft. of a Crossing	494	46%	63	47%
within 1000 ft. of a Crossing	715	67%	83	62%
Within 1 miles of a Quiet Zones	141	13%	9	.06%
Within 1 mile of a Public School	919	86%	126	95%
Within ½ mile of a Public School	550	52%	91	68%
Within 1 mile of a Drinking Establishment	471	44%	51	38%
